CONSENT FOR GROUND WATER STUDY

The undersigned, as owner of property located at lot 402-013,
St. Clair Co., Illinois, hereby authorizes and consents to the
entry by employees of the State of Illinois, upon showing of proper
identification, upon the property for the purpose of boring a test
hole(s) and the possible installation of a monitoring well(s) in order to
determine ground water quality below the property.

I further consent to entry upon the property by employees of the State of
Illinois, at their convenience, to permit observation and sampling of the
ground water in the monitoring well(s) and such related investigations as
they may reasonably desire to make, and at the conclusion of the
investigation, to the entry upon the property to close and seal the
monitoring well(s).
